TORNADO
THE PROTEST SUBMITTED
BY THE LABOR LEADERS.
They Declare That It Would Not Be Just Or Expedient To Send Troops To Chicago.

Chicago, May 10.—The protest against the sending of Federal troops to Chicago, which was submitted by the labor leaders to-day to President Roosevelt, is as follows:
To the Honorable Theodore Roosevelt, President of the United States of America.—Honorable Sir: This labor dispute has been a lockout. So far as there has been any striking done, it has been a strike for arbitration. The labor unions involved are committed both upon principle and by specific contract with the employers for arbitration.
These contracts grew out of the desire of the unions to protect the public interest and welfare by providing for a peaceful settlement of differences of opinion to the arbitrating body of the labor union, accepting that decision—right or wrong—as binding upon both parties. Such a course is guarantee of the preservation of law and order. All that the unions ask is an arbitration shall be granted as specifically agreed to in the contracts involved. All that is desired is that the public officials shall join with the labor bodies in demanding that lawlessness shall not be allowed to take the place of the contract to be broken, and that violence shall not be allowed to prevent difference of opinion to be settled by the quiet, orderly methods of arbitration.

The storm started four miles northwest of Pendleton and near Lapel, from which point it swept toward the southeast. On the farm of John Gibbons the storm struck the house in which his wife and son had taken refuge. The building was picked up and demolished, but neither occupant was injured. An orchard and much timber on the farm of John Baughman, northeast of here, were leveled.

Kills Himself At Home.
Bedford, Ind., May 10.—[Special.]—The body of Charles Schuch, aged seventy years, was found hanging at his home near this city this morning. He had evidently committed the deed at an early hour, unknown to his aged wife, who with him constituted his family at home. He had been in ill-health for a number of months and had often expressed a desire to be freed from his afflictions by death, and this is supposed by his friends to have caused him to take the rash act of self-destruction.

Surveying New Line.
Evansville, Ind., May 10.—[Special.]—The Illinois Central railroad to-day put to work a party of surveyors who are engaged in running a line for a new road from a point opposite Grayville, Ill., through Gibson county, Ind., touching Owensville, Princeton and Petersburg, and connecting with the new road being built by the Illinois Central out of Indianapolis.

Homicide Was Justifiable.
Vincennes, Ind., May 10.—[Special.]—The verdict of Coroner D. M. Buley, in the killing of Elsie Phillips by Coroner W. H. Hart, was returned to-night, and is that the homicide was justifiable.

Killed By Lightning.
Columbus, Ind., May 10.—[Special.]—Five coats of Fairfield, Howard county, was struck by lightning and instantly killed here this morning. He leaves a widow and eight children.

Honored By The Pope.
Rome, May 10.—The Rev. Thomas Weikert, O. S. B., of St. Meinrad, Ind., has been appointed by the Pope a member of the Biblical Commission.

EXAMINATION
OF EQUITABLE OFFICERS IS NOW IN PROGRESS.
Superintendent Hendricks Questions Hyde At Length, But Will Make No Statement.

New York, May 10.—The examination of the officers and directors of the Equitable Life Assurance Society by the State Insurance Department was begun yesterday, when President Alexander spent considerable time with Superintendent Hendricks. The examination was conducted in the society's board room, and it is understood that Congressman M. E. Driscoll, of Syracuse, who is Superintendent Hendricks' legal adviser, assisted in the examination. Vice President Hyde was closeted with Superintendent Hendricks and Representative Driscoll to-day. He was accompanied by his counsel, Samuel Untermyer. Both carried huge bundles of books and documents. It is expected that Vice President Hyde's examination will follow that of Mr. Hyde.

ITALY'S RIGHTS
RECOGNIZED AS PARAMOUNT IN TRIPOLI.
FOREIGN MINISTER TITTONI
Explains Policy of His Government For Benefit of the Italian Senate.

Rome, May 10.—Several interpellations on the subject having been made in the Italian Senate, Foreign Minister Tittoni to-day made an important statement, saying the compulsory reserve prevented him from touching on each agreement before the Senate. He said that the Ottoman Empire is interested in the Mediterranean, and that Italy, in maintaining friendly relations with Turkey, which has lately become closer, and if Italy occupied the territory belonging to the Ottoman Empire it would encourage those who wish for the dismemberment of that empire; whereas, its integrity is one of the fundamental bases of Italian foreign policy. Italy, he said, is not interested in occupying Tripoli at present, Italy wishes her influence to be predominant there in the economic field, an influence to which she considers herself entitled. But she wishes to do this in full accord with Turkey, which has never followed the example of her master, as excess of zeal frequently leads to situations which Italy could not tolerate.

Italy, continued the Foreign Minister, recently asked for an explanation of Turkey in regard to the report that concession of the port of Tripoli had been granted to a French company. Tittoni said that the statement was not true; that no concession had been granted or asked for, and that the Sultan had not intended to build a fort there, and that even if he wished to do so, he would never grant the privilege to foreigners, but would do the work himself.

UTAH DESPERADO ARRESTED IN WEST VIRGINIA.
A Reward of \$5,000 Was Offered For the Apprehension of George H. Wright.
Huntington, W. Va., May 10.—Geo. H. Wright, for whose capture there is a reward of \$5,000 for killing three men at Provo, Utah, was arrested at Williamson, West Virginia, by officers. Marshal Johnson was shot in the leg during the fusillade. Wright has been working at Williamson in a coal mine. He is charged with having murdered Alfred Wilson, Albert Hayes and Andrew Jackson, who settled on his ranch at Provo, Utah. He fled the State and was not heard from until located at Williamson.

DESIGN
"PE-RU-NA SAVED MY LIFE,"
Writes Mrs. W. McRobert.

APPROVED FOR THE MCKINLEY MAUSOLEUM.
ON "THE MALL" AT CANTON.
In General Will resemble the Beautiful Tomb of Ulysses S. Grant.

New York, May 10.—The trustees of the McKinley National Memorial Association met to-day and formally approved the design for a mausoleum submitted by H. Van Jurne McGonigle. At present the body of President McKinley is in a public vault in Westview cemetery, Canton. The association has purchased a tract of land adjoining the cemetery which will be known as Monument Hill. The approach to the hill, which is seventy-four feet high, called "The Mall," which is six hundred feet in length, will be beautified at an approximate expense of \$50,000. Along the middle of this mall with a wide walk on either side will be a "waterway" or artificial lake. A broad and massive flight of steps will lead from the top of the hill up to, and in fact form a part of the mausoleum. From the foot of the hill to the top of the mausoleum the height of the stone structure will be in the neighborhood of 175 feet. The mausoleum will in general resemble the tomb of Gen. Grant. The main feature will be a dome about seventy-five feet in diameter and a hundred feet high. The structure will be of granite, but the interior will be finished in white marble. The entire cost will be in the neighborhood of \$50,000.

Mrs. W. McRobert, Delano, Minn., writes as follows:
"I feel perfectly well of health. I did as you directed me to and took Peruna and Manlin. The third of March I gave birth to a 10-pound baby girl and we are both well and happy. I am very thankful to you and Peruna saved my life. I recommend it to everyone and cannot praise it enough."
"I send you my own and my baby's picture. She is so sweet and good. She is a Peruna baby. I have such good health now. I do all my housework and take care of my baby and feel so good. There are three or four of my neighbors using Peruna now, since it did me so much good."

When a mother is healthy, her children are healthy. A healthy mother is calm, serene, strong, cheerful. A mother afflicted with systemic catarrh is fretful and nervous. This makes the children sick and weakly. Peruna protects the health and promotes the harmony in the home by making the mother strong and free from nervousness. Mothers all over the land are the best friends of Peruna. Peruna protects the little ones, also, and shields them from the most little ailments to which they are subject.

ANTI-CIGARETTE LAW
WILL BE PASSED UPON BY INDIANA SUPREME COURT.
Attorneys For Defense In Case Filed Say It Is Unconstitutional.
Indianapolis, Ind., May 10.—[Special.]—The first case to reach the Supreme Court under the new anti-cigarette law was filed to-day. It was brought from Madison county by John M. Lewis, of Anderson, a young man who was recently fined \$25 and costs on a charge of smoking cigarettes. His attorneys contend that the law is unconstitutional on the ground that it abridges personal liberties. Lewis was arrested April 18. He was smoking a cigarette at the time, and according to the records of the appeal, a box containing five cigarettes was found in his pocket when searched.

Justice of the Peace W. O. Lee, before whom Lewis was tried, assessed a fine of \$25, which, with costs, amounted to \$34.00. Lewis' attorneys appealed to the Indiana Circuit Court, and that court upheld the decision of Justice Lee. A motion for a new trial was overruled and Lewis, through his attorneys, has now appealed to the Supreme Court.

Banker's Wife Kills Herself.
Englewood, N. J., May 10.—Mrs. Benjamin Strong, Jr., wife of the secretary of the Bankers' Trust Company of New York City, shot and killed herself to-day during a fit of what the physicians characterized as temporary insanity. She was a young man who was recently fined \$25 and costs on a charge of smoking cigarettes. His attorneys contend that the law is unconstitutional on the ground that it abridges personal liberties. Lewis was arrested April 18. He was smoking a cigarette at the time, and according to the records of the appeal, a box containing five cigarettes was found in his pocket when searched.

Harrodsburg, Ky., May 10.—While preparing supper the clothing of Mrs. John Lester, of New Carlisle, was ignited from the stove and she was fatally burned before she could be rescued. She lived only a few hours and died in great agony. Mrs. Lester was one of the most prominent women of the Harrodsburg vicinity. She was fifty-five years of age and is survived by a husband and five children.

WITNESSES

Arrive In Lexington
From the Mountains

FOR HARGIS-CALLAHAN TRIAL.

CASES WILL BE CALLED THIS
MORNING IN CIRCUIT COURT.

JAMES HARGIS ON HAND.

Lexington, Ky., May 10.—[Special].—A large number of witnesses for the defense in the cases against Alex. and Elbert Hargis and Ed Callahan, which will be called here to-morrow morning, arrived here this morning and to-night from Breathitt county, Kentucky, and other counties. Among the number were Roger and Samuel Callahan, brothers of the Breathitt county Sheriff, and with them were several witnesses who will appear in defense of Sheriff Callahan. None of these men registered at the hotels, but sought private boarding houses and the two brothers of Sheriff Callahan announced their intention of remaining here until after the trial of their brother had been concluded, provided it is entered into this term of court.

Much speculation is being indulged in as to what course will be pursued by Commonwealth's Attorney Allen in regard to the indictments against the Breathitt county men, and while it is impossible to get him to commit himself, it is predicted by his friends that he will make an effort to have other indictments returned before the trial of the other accused men are entered into. Since the discharge of the jury in the Hargis case, Sheriff Allen has been away taking a much needed rest from his duties in that case, but will return to the county seat in court when the other cases are called to-morrow morning, and it is believed he will make known his plans regarding the trials to be held.

Judge James Hargis and his brother, former Senator Alex. Hargis, also arrived here this morning. The train was boarded by Alex. Hargis at Winchester. The two Hargises remained at the hotel until after the trial of their brother and Sheriff Callahan. James Hargis is said to be in better health than at any time since he was first arrested and placed in jail here March 13, and although his condition was rather poor, he is expected to stand up to the trial of his brother and Sheriff Callahan.

Want Him Barred.

Col. R. M. (Dick) Redd, a well-known farmer of this county, has recently been the cause of a grievance among members of the County Union of Christian Endeavor Society, and as a result a request has been made by the members to the deputy jailer to prevent Col. Redd from appearing at the jail on Sunday after the prisoners held for religious services held for the prisoners. Some time ago the society secured the permission of the county jailer to hold services at the jail each Sunday afternoon, and always during these meetings James and Elbert Hargis, and Sheriff Callahan were present. It is said that the society members, who are all members of the society, and some of them made the request that Redd be barred from the services in the future.

SSS FOR THE BLOOD

"S. S. S. for the blood" has grown to be a household saying. When the blood is out of order, or is affected by thousands of people all over the world, it is a purely vegetable remedy, and while it penetrates the circulation and forces out all poison and morbid matter, it also builds up the entire system by its fine tonic effect. During the winter months the natural avenues of bodily waste have become dull and weak and failed to perform their full duty, the blood has been sluggish and an extra amount of poisons and waste matters have accumulated in the system and been absorbed by it. With the coming of Spring and warm weather the blood is aroused and stirred to quicker action and in its effort to throw off these acids and poisons the skin erupts. Boils, pimples, blotches, rashes and eruptions break out and congest the blood is cleansed and made pure. S. S. S. is the ideal remedy for this condition; it clears the blood of all impurities, makes it rich and strong and these skin troubles pass away. Rheumatism, Catarrh, Chronic Sores and Ulcers, Scrofula, Contagious Blood Poison and all other diseases of the blood are cured by S. S. S. Book on the blood and any advice desired, free of charge.

The oratorical event at night at a hall in the city will be a special arrangement made for the entertainment of the visitors.

CRACK BLANCE

UNTIL TO-DAY IN POLICEMAN CONNELL'S CASE.

W. C. Owens Not On Hand—E. Polk Johnson In Louisville.

A continuance until to-day was granted by Judge Walter Evans when the case of Thomas Connell, a policeman charged with violation of the election laws, was called yesterday morning in the United States District Court.

By the absence of W. C. Owens, unsuccessful candidate for Congress from the Fifth district, R. D. Hill, district attorney, said that Owens would testify in behalf of the prosecution and

that he wished to put him on the stand, but the court later, but the other witnesses had been discharged until this morning and the case could not be taken up. One of the features of the case will be a map of the vicinity of Ninth and Chestnut streets, which has been made by the police and is now in the possession of District Attorney Hill. It was taken into the court room yesterday afternoon and will be shown to the jury during the trial. It is alleged that the ballot box at Ninth and Chestnut streets was stolen.

Checks Up Accounts.

E. Polk Johnson, special treasury agent of Chicago, is in Louisville yesterday. He checked up the accounts of James P. Thomas, cashier in the office of E. M. Hannan, attorney, and complimented Mr. Thomas on the condition of his books and accounts.

SECURES SON AND GOES BACK WITHOUT WARRANT.

Failing to get a warrant for the arrest of his wife, Mrs. Kierulff, who is charged with the murder of a Louisville woman, according to neighbors' statements, are living in a cottage back of a street between Ninth and Chestnut streets, where he wanted to prosecute for kidnapping Bessie Dressel, his son, J. Kierulff, who is charged with the murder, went to the house Monday morning, got possession of his son and returned to his home in Covington.

Dressel is proprietor of a barber shop in Cincinnati, but who lives across the river in Covington, having learned that his wife had been arrested and came here and tried to get a warrant from the police. He was insistent and refused to leave until he had taken the nature of the case. When it was made evident that there was no ground for action he became angry and said that he would have the law if he had to take the law into his own hands. He accordingly secured the young man.

A Girl's Absent-mindedness.

The friends of a young lady in Joplin, Mo., are having considerable fun at her expense, following her recent appearance at a dance decollete and unconsciously leaving her glass hanging from her back partly above the dress line. She never created such an impression on her friends before in all her life. It was the equal absent-mindedness of a young woman choir singer of a fashionable uptown church of Philadelphia. The girls of the church, of course, nearly all were seated, wearing a very pretty waist and a black silk underskirt. The young woman having forgotten to put on her overskirt before leaving home.

TO SPRING CHICKENS OR
WATERMELONS AT ALMSHOUSE

Old Folks Rob Nests and "Plug" Fruit Before It
Is Ripe.

The raising of spring chickens and watermelons on the almshouse farm is being abandoned owing to the death of Capt. Westfall's wife. The melons were raised by Capt. Westfall's charges. The folk won't let the hens set. As set as the inmates desire, the melons could be made of downy chicks is abated of her eggs, which soon find their way into stomachs which crave for a little more substantial fare. The care of the city's big charitable institution.

Many eggs are considered a great delicacy by the city's poor, and in consequence Capt' Westfall's flock of these precious strutters has become extinct. The four of the fowls decided to go to housekeeping and two nests were hidden in the brush. A few days later the birds were discovered by the warden. Capt. Westfall thought he was

The only person on the farm who knew where the nests were, and he anxiously waited the day when his collection of broods would be increased to ten.

When the time was up he went to look for the broods, but there were none. The eggs would be increased to ten, but the birds would be increased to ten.

"It was the same way with watermelons," said Capt. Westfall yesterday. "The old people wouldn't let them grow. Soon as the melons would begin to grow, two fates they they would begin to pluck them, first on one side and then on the other. The whole patch would be ruined in little or no time. It will be a long time before we can raise them this year. It will save some trouble, though, for we won't have so many strong warden's aches in the big house this summer."

OBJECT

To Cattle Being Driven Through Streets In Daytime.

HUMANE SOCIETY TO ACT.

WILL INTRODUCE ORDINANCE WHICH WILL REVISE LAW.

MANY FAVORABLE REPORTS.

Spurred to action by numerous complaints which have come to their office during the past two months, the Executive Committee of the Kentucky Humane Society decided at the meeting held yesterday afternoon to open a fight for the passage of an ordinance which will not permit stock dealers to drive cattle through the streets of Louisville at any time between daylight and dark. The action will be taken immediately, and it met with the unanimous approval of the committee.

Complaints of a serious character have been lodged with the officials of the society during the past spring that stock traders have been driving cattle through crowded streets at all hours of the day. From the fact that the stock is driven through the streets at all hours of the day, the officers of the society believe that they have sufficient cause for action. At present it is possible to drive cattle along Main street and other portions of the city outside of the business district at any time of the day. Main street is always crowded with vehicles, street cars and wagons, and in order to drive the animals through the maze with accuracy, the drivers find whips and goads necessary.

Want Cattle Driven At Night.

Under the present ordinance it is unlawful to drive cattle through a district of the city bounded approximately by Main street on the north, Hancock street on the east, Oak street on the south and Eighteenth street on the west during the hours of 10 o'clock in the morning and 4 o'clock in the evening. The effort of the Humane Society will be made to make it unlawful to drive cattle through the streets at any time during the day, and the officers hope to limit the driving to the night time, when the streets are practically unobstructed.

Many satisfactory reports were made at the meeting yesterday afternoon, and among them was that of William Tynan, special officer of the society, who stated that during the past month he had examined 438 horses. Some of the animals were ordered to the country for rest, others were barred from work for certain periods, and shoes and collars were provided for many, and other aids given.

New Subscribers' Fund.

Special agents for the society reported that \$19 in new subscriptions had been collected during the month, and this item was very gratifying to the committee, as each of the subscribers was new. Special reports on the work of the watering fountains which have been established about the city were approved by the committee.

Dr. Henry Albert, a veterinary surgeon, was elected to the staff of the society, which is now comprised of three physicians. Dr. Tynan was complimented for the work he has done during the past month, and the board adjourned sine die.

FOUND DEAD ON HIS KNEES AT BEDSIDE.

John Rink's Death Apparently the Result of Apoplectic Stroke.

On his knees by the side of his bed at his home, 1056 East Jefferson street, John Rink, bartender, was found dead by his father at 3:30 o'clock yesterday morning. The father had called him several times, and receiving no response, started an investigation. He found a window in the home of a brother of the dead man, the form of John Rink could be seen kneeling at the side of the bed. Fearing that his son was dead, the father with another son broke open the door of the room, to find that his son was a corpse.

The family cannot account for the death of the man, who was thirty-six years of age. They admit the possibility of suicide and say that, as bartender for his father, he worked the bed, night at 3:30 o'clock yesterday morning. He had been retired at 10 o'clock, seemingly in the best of health and spirits. He had been planning to rise early in order to see the Derby run. Coroner Kelly was notified. Dr. J. F. Rudell, who was called in by the family, thinks that death was due to apoplexy.

The funeral will be held at the family residence at 2 o'clock to-morrow afternoon. The burial will be in Cave Hill cemetery. Besides his parents John Rink leaves five brothers, Henry, Fred, J., Charles, William and Albert, and a sister, Mrs. Louise Walker.

THE CECILIAN

Right of Way For Eastern Parkway.

SIX SUITS FILED BY BOARD.

THREE WILLS PROBATED AND ONE OFFERED.

ELECTION OFFICERS INDICTED.

Six suits to condemn property which is to be used in the Eastern Parkway were filed yesterday by the Board of Park Commissioners of the City of Louisville, through Judge A. E. Richards, the City Attorney, and Kohn, Baird & Spindle. The suits are against a number of persons who have declined to sell or donate rights of way through their property for the purpose of the parkway. The Eastern Parkway will begin in Eastern Park and extend to Jacob Park. Much of the right of way has been secured and the majority of the property owners willingly sold or donated the ground needed, but some owners objected, and it has been found necessary to file suit for condemnation. The board has the same right of condemnation as the railroads.

The suits filed yesterday are against George R. Milligan, Dona B. Milligan and Mrs. John Jacob Yahr, who have an interest in certain property on Sherwood avenue; Henry Gould and Mary A. Yahr, who own interests in another lot on Sherwood avenue; C. A. Willendorf, Frederick Erhart, John W. Thompson and others, who own property on Paut, all owning property on Sherwood avenue. The petition asks that a jury be impaneled and the reasonable value of the property fixed, and that it can be determined how much the park board shall pay.

AFTER MORE BACK TAXES.

Revenue Agents File Twenty More Suits For Large Sums.

The revenue agents were again active yesterday. A. J. Bisset filed nineteen suits, while Frank A. Lucas, the State agent, filed one. The latter was a suit against Mrs. Marion H. Smith, wife of the president of the L. and N. railroad, asking judgment for \$2,319 taxes on unassessed property. The suits filed by Mr. Bisset were for large amounts and were as follows, the figures opposite the names indicating the amount of assessments for each of the past five years:

St. Bernard Mining Company, valuation \$100,000; North Jellico Coal Company, \$50,000; Marion County Distillery Company, \$100,000; Louisville Forge Company, \$50,000; Kentucky Lithographing Company, \$50,000; Kentucky Vitreous Brick Company, \$25,000; J. P. Hillerich & Sons, \$50,000; Elizabeth W. Young, \$20,000; Hickman, Williams & Co., \$75,000; Sarah Garth, \$100,000; Glenmore Distillery Company, \$75,000; Joseph Denunzio Fruit Company, \$25,000; Connor & Byers Millinery Company, \$20,000; Mrs. Milton H. Smith, \$50,000; Mary A. Ott, \$50,000; Louisville Smelting Works, \$10,000.

Wreck Victim's Will.

Three wills were filed for probate yesterday in the Probate Court, and a fourth was tendered and proof ordered taken. One of the wills was that of John George Bure, the engineer who was killed in the wreck of the fast passenger train at Sulphur, Ky., last Saturday. The dead engineer's will was filed by his executor, the Fidelity Trust Company, and appoints the Fidelity Trust Company executor. He gives his daughter, Rosa M. Bure, his life insurance and she is not to be charged with this in the settlement of his estate. The will directs that the remainder of the estate shall be divided into four parts; one part to go to his son, Herman George, deceased; one part to his son, John Robert, and the remaining one-half to his daughter Rosa. The said shares are to be paid to the children when they have reached the age of twenty-one years. The eldest daughter, Philmine, is left the sum of \$10 in full for all claim upon her estate.

Objections to the will of Emily M. Bartley being withdrawn, it was presented for probate yesterday and allowed. The testatrix, Emily M. Bartley, in an instrument dated November 23, 1900, in a codicil she bequeathed \$2,000 to George D. Bartley and \$500 to the Cave Hill Cemetery Company to keep her grave in condition. The will of Wilhelm Almschoff, written in German by the testatrix, was probated and translated into English by Joseph Schoenle, the clerk of the court. The entire estate is left to the testator's son, Herman Almschoff, with the injunction that he care for his mother and pay off all debts due. His daughter Elizabeth is left \$5.

Broken Phonograph Records.

Phonograph records, of which 3,279 were broken, are the basis of a suit which was filed yesterday by the Columbia Phonograph Company against The Ray Co., asking a judgment for \$1,684.38, subject to a credit on account of \$750. The petition states that the plaintiff entered into a contract with the defendant by which the defendant was to handle the records made by the Columbia Phonograph Company, and was to be responsible for all damage. Plaintiff says it shipped 37,913 records during the time between February 29, 1904, and June 6, 1904, and that of this number 8,982 remain unaccounted for, while 3,279 were returned broken. It is also alleged that defendant agreed to pay the claim of plaintiff at the rate of \$125 a week, but that only \$750 has been paid.

Two Dairywomen Indicted.

The grand jury yesterday returned indictments against Ottomian Kaelin and William Leshaff, dairywomen, charging them with selling milk from cows fed on distillery stills, in violation of the State laws. These are the first indictments which have been returned since the Court of Appeals upheld the law against feeding still to dairy cattle, although several attempts have been made by the county and city health authorities to get indictments. The law was resisted vigorously and two test cases, which were tried more than a year ago, were taken to the highest court for its opinion. There is a city ordinance against selling milk from still-fed cows, and several dairywomen have been arrested under this ordinance, while other cases have been taken to the grand jury.

Accused Patrolmen Give Bond.

Patrolmen Charles McPhee and John Gallagher, under indictment for alleged frauds in connection with the election in November, 1903, gave bond in the Criminal Court yesterday in the sum of \$200, their bonds being signed by George Beck, James P. Edwards, attorneys for the defendants, moved to quash the indictments and dismiss the accused. The court set the motions for hearing on May 20. A similar motion was made in the case against James Hefner and David Hambaugh, charged with the same offense, and bail was also granted in these cases.

MONTENEGRO-RIEHM MUSIC COMPANY,

628-630 Fourth Avenue, Louisville, Ky.

Gets \$500 Judgment.

A jury in Judge Doherty's court yesterday returned a verdict of \$500 in favor of J. R. Pinkert against the Central Consumers' Company for damages to property resulting from a burst water pipe, through which the defendant carried water to its plant at Seventeenth and Main streets. The suit was for \$1,500. Pinkert claimed that his property was damaged to that amount by reason of the overflow from the water pipe.

Slender Suit On Trial.

The case of Agnes Corlies against Mary Byrne went to the jury yesterday afternoon in Judge Field's court, but no verdict being reached, the jury was postponed until this morning. The suit is for \$10,000 damages for slander, it being alleged that the defendant charged plaintiff with stealing \$5.

Collecting Company Incorporated.

Articles incorporating the Merchants' Protective Association were filed yesterday afternoon, the capital stock being placed at \$500. The incorporators are B. H. Richardson, J. J. Roberts and E. L. Schulmidt.

Court Paragraphs.

Ferdinand Zimmerman sued Carrie Dunlap and her husband, H. Dunlap, and Louis E. Schneider to assert a lien on the property of Mrs. Dunlap for a claim of \$250. The sale of her property on Baxter avenue is asked.

Ellis Daven filed suit for divorce from John J. Daven and joined the Illinois Central railroad, in whose service defendant is employed, as party defendant, asking that it be required to pay to \$250 a month during such time as defendant may be employed by said road. The parties in the suit were married September 16, 1897, and have three children.

Margaret Tyler Barnes sued Chas. Barnes for divorce, alleging abandonment, and asks the restoration of her maiden name.

Florence Collins filed suit against Charles W. Collins, asking an absolute divorce and \$40 a month alimony. Habitual drunkenness is alleged as well as cruel and inhuman treatment.

John B. Orff, a leather and hides broker, sued the Conrad Tanning Company, asking for \$294, alleging that this would have been the amount of his commission on a sale of leather for that firm had the goods been delivered. The plaintiff states that the defendant sold to Fayerweather & Ladew in June, 1904, 14,000 leather butts, the prices being \$5.35.55, but that the defendants failed to deliver a portion of the leather selected, thus depriving him of reasonable fees.

Court of Appeals Decisions.

James H. Boone vs. Robert Biddle, Judge Field May 1, 1905. On petition for writ of prohibition. Opinion by Judge Nunn, denying writ.

First—Writ of prohibition—Conflict of Jurisdiction—Fetter was under bond for his appearance, charged with the commission of a felony in Breathitt county, and upon the calling of his case for trial in that county, it appeared that he was in jail in Clark county, where he had failed to execute bond in a contempt case in that county. The appellant, the Judge of the latter county acting upon advice of his counsel, and the Circuit Judge of that county, refused to surrender Fetter to the authorities of Breathitt county until he had executed bond in that county. Held, it is apparent that the appellant was acting in good faith and meant no disrespect under the circumstances and should not be punished for contempt in acting in good faith to either of the courts. The error, if any, was not upon the part of appellant.

Second—Same—Practice—Where one is charged with two offenses, one a misdemeanor and the other a felony, the proper practice in the administration of the law is to wait for the time being the trial of the misdemeanor in order that the felony charges may be investigated, tried, and as the Breathitt Circuit Court was in session at the time it would have been in keeping with the orderly administration of the criminal laws of the State for the prisoner to have been surrendered to that county.

Third—Same—It is unnecessary to consider the question of jurisdiction of the Court of Appeals at this time, as the Breathitt Circuit Court is not in session, and while the Clark Circuit Court may try the prisoners for contempt, it should surrender them to the Breathitt Circuit Court when it is in session and upon demand.

D. L. Pendleton, Pendleton & Bush for plaintiff; B. A. Crutcher for defendant; Charles C. Collier & Hazen for defendant Biddle.

Hord, etc. vs. Sartin, etc.—Filed April 20, 1905. (Not to be reported.) Appeal from the Circuit Court of the county of the court by Judge Barker, affirming.

First—Forcible Entry and Detainer—Lessor's agreement to a lease for a term of years was made by the lessor, and a forcible entry complained of was committed, upon the trial of the traverse, a demurrer to the agreement to lease was sustained, and the court was to find for the defendant as to the possession of land, no change whatever in the position of the parties was made by the transfer of possession, and this being true, the court was to find for the plaintiff as to the possession of the property and therefore there was no forcible entry.

Second—Same—Frank P. O'Donnell for appellant; W. D. Cochran for appellee.

The City and Suburban Telegraph Association, by etc. vs. Albert L. Woodworth, et al.—Filed May 1, 1905. (Not to be reported.) Appeal from Campbell Circuit Court, opinion of the court by Judge Nunn, affirming.

First—Damages—Evidence—Sufficiency of evidence to support a verdict in this action against appellant and the Union Light and Power Company, the defense being that the latter was the owner of the electric light wire, and that the same wire by which the plaintiff was injured was owned by the South Covington and Cincinnati Street Railway Company, was not sustained by the evidence. Under the instructions of the court, the jury could not find for the plaintiff unless they believed from the evidence that appellants were the owners of the wire or had an interest in it, and controlled them, and the evidence was not sufficient to support the finding of the jury.

Second—Same—Conflict of Evidence—Instructions—Upon the issue of negligence of the defendant in the laying of the wire, the court instructed the jury that if the plaintiff proved that the defendant was negligent in the laying of the wire, and that the wire was owned by the defendant, or that the defendant was in control of the wire, and that the wire was laid in violation of the city ordinance, the jury should find for the plaintiff. The court instructed the jury that if the plaintiff proved that the defendant was negligent in the laying of the wire, and that the wire was owned by the defendant, or that the defendant was in control of the wire, and that the wire was laid in violation of the city ordinance, the jury should find for the plaintiff.

WON SIXTY CENTS. BUT COULDN'T SEE THE DERBY.

Six negroes, charged with breach of the peace, were so engrossed in a crap game at Churchill Downs yesterday afternoon that they did not observe the approach of County Patrolmen Gilbert and Alsop.

See sixty cents more and I'll bet on Bad News in that race, and den'y' niggers look out for a swell-sweller. One negro was shouting just as the officers approached. As his luck would have it he won and was just gathering in his money as the officers pounced upon him. The game was a large one and several negroes escaped, but Louis Logan, Joe Claypool, Ed Marshall, Elmer Brown, W. Hays and Lewis Warren were arrested.

Canadian Author At Nazareth.

Dr. Thomas O'Hagan, the well-known Canadian author and lecturer, visited Nazareth Academy during the past week and gave the community and young ladies a series of three very interesting and scholarly lectures, his subjects being "In the Footsteps of Wordsworth," "A Deep Into the Art and Life of Europe" and "An Evening With Dickens." The first two lectures were illustrated with fine stereoscopic views.
